The Experience:

Vail in winter is a snow globe come to life: carve endless powder across legendary Back Bowls and Blue Sky Basin by day, then wander twinkle-lit Vail Village with its heated walkways, boutique shops, and cozy fire pits. Glide across the outdoor ice rink, warm up with a hot toddy, and sink into a mountainside spa before farm-to-table dinners and live après-ski. From horse-drawn sleigh rides to luxe lodges and starry alpine nights, Vail's cold season is pure, high-elevation enchantment.
